The Woman in Politics

By Peter Hardy

The "Women in Politics" series continued this past week as the Scarborough College Political Science Club hosted talks by Laura Sabia and Pauline Browes.

Ms. Sabia, a columnist for the Toronto Sun, addressed the club last Wednesday, while Ms. Browes, Tory Federal M.P. for Scarborough Centre, addressed the club on Friday.

As politically active women, the two delivered talks that exhibited interesting contrasts in style and substance. Ms. Sabia's talk, entitled *Sex and Politics*, claimed to trace the aims and successes of the women's movement in the legislative realm. But it proved to be far broader in scope than merely this.

The movement has succeeded, Ms. Sabia says, in such basic aims as, for example: getting women the vote (they were once classified with "imbeciles" as incapable of rational thought); having family allowance cheques sent to the mother, rather than the father of the household, and changes in the Divorce Act.

Despite the legislative successes, she says the movement has not yet succeeded in its fundamental aim which is essentially millenial: the creation of a sexually equal society. In fact, overall says Ms. Sabia, the movement "has not done that well."

In its failure to change basic social attitudes as characterized, for example, in sex-role stereotyping in television commercials as well as its failure to achieve real equality in the workplace, the women's movement has gone "one step forward and two steps back." The movement has further been polarized by the abortion issue and is in fact, now at an impasse.

In contrast to Ms. Sabia's somewhat pessimistic outlook, Pauline Browes' talk entitled *The Future Role of Women M.P.'s in Parliment* was chatty, pleasant and upbeat, but ultimately less satisfying. Its content failed for the most part to address its title.

Rather than talk about women and their distinctive role in the legislative process, Ms. Browes chose to deliver a Party Political speech on behalf of Brian Mulroney's newly elected government. Her glowing references to "the leader", her good-natured optimism, her toeing so closely the Party line, made for a talk that would have been more appropriate at a Women's Conservative Party Club luncheon.

She urged women to get out and "be successful" as a preliminary step to running for office. She criticized Government waste--Petro-Can, Campo Development and talked of the steps being taken by the present Ottawa government in job creation.

But ultimately, it was the very issues Ms. Browes did not address that were the most important. While Ms. Sabia's talk ran a gamut of issues from sex-discrimination in the Catholic Church to pornography, censorship and contractual marriage arrangements, Ms. Browes' talk was characterized by its sterility, its staying within the non-controversial bounds and its basically platitudinous content.

Nevertheless, if the series continues at its present calibre, Scarborough Campus students can look forward to some interesting, stimulating and very worthwhile guests.

Liberals defeated

By Titch Dharamsi

Last weekend the U of T Model Parliment saw a minority Liberal Government defeated in a non-confidence motion on its economic bill.

The government, elected by students from the three U of T campuses last Thursday, was the only elected Liberal government in the country holding office. It held that office for just two days.

The U of T traditionally holds a Model Parliment each year in which the three major parties (Conservative, Liberal and N.D.P.) in addition to one or more fringe parties run campaigns and hold an election. The government and the opposition is formed on the results of the election.

This was the first time in the four years that the parliment has been convening that the Liberals were given the mandate by the students to form the government.

The Liberals held 32 seats. The P.C.'s formed the opposition with 24 seats. The N.D.P. with 12 seats, the Gumby Party with 9 seats and the Libertarians with 2 seats formed the other parties.

The Legislature began sitting on Friday with the throne speech made by the Premier, Will Falk.

Saturday's proceedings seemed to move along much smoother as the various bills and resolutions brought before the consideration of the house were debated. Sunday, the day which these bills and resolutions were voted on, was the fateful day for the Liberals.

The Liberals were defeated by a vote of 40-39 on their economic bill, and thus brought down the government. However they contributed to their downfall as they were conspicuously missing some members of their caucas at the time of the vote.

The incidents seemed indicative of the Party's ill organization. "The Liberals didn't seem ready to govern", stated Jon Rose, the P.C. Health Critic.

Rose further added that he thought the Model Parliment "served its purpose" in teaching the members something about the legislative process.

Students protest lower marks

By Hanif Sarangi

A large number of students who took JCEB72F, Analysis for Decision Making 1 in Scarborough Campus last term are protesting their marks.

After the Christmas break the marks of the JCEB72F class were posted with the rest of the first term half credit courses but the JCEB72F marks were whited out. Four weeks later the marks were once again put up and the students could see the grade they received in the course.

Almost the entire class felt that the marks were too low and could not possibly reflect the grade they received on the exam.

The Professor teaching the course had sent the marks to the Marks Revue Committee but these marks were rejected. The Committee expressed their dissatisfaction that the marks were too high and did not represent a fair and equitable distribution of marks compared to previous years.

The marks should have been adjusted before they were posted but because of the short Christmas break, the Revue Committee had not met and decided on the adjustment of the marks prior to their being posted.

The over 90 students involved in the adjustment of the marks will meet with Professor Bryan, Chairman of Social Services on Wednesday in the hope of reaching a mutually satisfying solution to the problem.

This show is designed for the University of Toronto Community and the Vietnamese Community in Toronto, with students in traditional and dragon dances, choir singing, musical performance, theatricals, etc...
This event is sponsored in part by SAC. Admission is $5.00.

Host Family Program

There are several thousand foreign students at the University of Toronto. They are intelligent, informed and interesting. Many are also missing the home and family they left behind. These students often complete their studies and return to their own countries never having had an opportunity to spend time with Canadians in their homes.

The International Student Centre is looking for people to take a special interest in one or more students during the coming year. You are asked to include them with your family from time to time for special occasions or for everyday activities. Hosts and students tend to get together about once a month.

Medieval Colloquium a success

By Calvin Reynolds

The eighth Annual International Colloquium on Medieval Civilization took place last week here at Scarborough Campus. The theme this year was "*Perceptions of Change in the Middle Ages.*"

Speakers attracted to this year's Colloquium came from all over: the farthest being E. Vestergaard from Odense University, Denmark, and B. Flood from the University of Wisconsin. Other speakers were mostly from the Toronto area, and spoke on a wide range of topics dealing with Change in the Middle Ages.

The Colloquium also served as a forum for Medievalists to come together to gain new insight into their fields.

The speakers, while being the central focus of the Colloquium, were not the only activity happening during the three days; also featured were: the J. Boorman film *Excalibur,* sponsored by the Scarborough Campus History Association and SAC, the Play *Wit and Science,* which was performed by the Scarborough Campus Drama Society, a concert of Medieval music performed by Judith Cohen, and an exhibition of Medieval to Renaissance Art from the Royal Ontario Museum. The exhibition will last until February 15th in the Gallery.

Last, but of course not least, the banquet that took place in the Principal's Residence on Friday night. During the banquet, a play was performed by P.L.S.(Poculi Ludique Societas) *The Principal's Players of the University of Toronto.* The *Death of Herod* was an interesting production and turned out quite well despite the somewhat cramped area of the living room of the Principal's Residence. The banquet, like the rest of the Colloquium, was a success; very much due to the hard work of a few individuals. Colloquium co-ordinator Professor Michael Gervers had a great deal of help in putting the events together. His executive assisstant Ms. Eva Hasfai, an Arts Administration student, served as the co-ordinator for all of the speakers and events, leaving Prof. Gervers free to act as host to all attending the Colloquium. Ms. Harsfai did an excellent job in rounding up volunteers for all of the events; hence, the new verb being added to the Oxford Dictionary: "Gervered" (the act of doing something for someone because they've asked you in such a nice way that you could not possibly refuse.)

Another highlight of the Colloquium was the Paper given by one of our own students here at Scarborough; usually at these conferences such as these, papers are only given by professionals who are working in the field, or by graduate students who are working on another degree. The paper of which I speak was written and delivered by Mrs. Anne Broderick on *'OPUS FRANCIGENUM'-St Denis as the novel expression of Suger's Spiritual and Political Vision.* This paper dealt with Abbot Suger (pronounced Sue-jay) and his use of what is now called Gothic Architecture in the 12th Century to express the elements that motivated Man: Pilgrimage, crusade, myth legend and Metaphysics, and his eventual blending of these elements into the Abbey of St. Denis in Paris.

It was very nice to see an undergraduate do such fine work since it reflects well not only on the students of Scarborough, but also on the faculty for giving such an opportunity to the students.

Prof. Gervers and Ms. Harsfai can be proud of the job they did for this year's Colloquium. Also, the others who helped out should not remain unmentioned. Thanks go out to Mrs. Bea Viggiani, Mr. David Harvie and Jennifer, who helped out in various capacities during the functions. Thanks again to Beaver Foods for the buffet at the banquet; and a special thanks to Ron Murphy of Gilchrist Wines for providing the libations during the Banquet.

The Humanities Department and Chairman Wayne Dowler can consider the funds they spent on the Colloquium to have been put to good use. I hope that the Colloquium next year will be as big a success as this one was.

What makes a country 'developed'

By Clare Delbridge

There is something that I've always liked about the term "International Development"; it implies universality. That covers countries from Bangladesh to the United States.

There is no such thing as a "developed" country since this would mean that such a country is static-locked in a final stage of evolution. But if Canada is mistakenly labelled a "developed" country,it is because relative to Bangladesh, it is. But relative to the absolute meaning of the word, it isn't. Canada's underdevelopment is apparent in all kinds of enclaves, geographical and social. Toronto is by no means exempt, one of the enclaves being the Scott Mission at Spadina and College.

I spend my weekends at the Scott Mission because I get tired of the doldrums of homework and I need the reprieve manual labour provides. I also like people.

The dining area there seats 300 people at a time and it is frequently filled at both the daily sittings at 10 and 11 a.m. This is especially true at the end of the month, when welfare, pension and disability cheques have long been exhausted. It's a dreary place if you're a critic of current government social policies, a remarkable place if you are an altruistic Christian, and just a place for bums if you lack understanding or exposure.

There are no "bums" at the Scott Mission. There are people who understandably have given up, people who are incapable of trying, andpeople who think they are getting a good deal with each free meal. And then there are people who have not given up, but are still trying,people who are just starting, having immigrated from afar, and people who are just in temporary difficulty.

There is no monolithic category of "bums".

The food is actually pretty good most of the time, although dependent on donations. There are a few cockroaches but a new electric trap is already working well in disposing of them. There is no preaching or prayers except for those who want to listen to them on Sunday mornings. There is little in the way of fighting or trouble: the occasional drunk is firmly shown the door by the stout and usually soft-hearted bouncer.

Some of the occasional volunteers feel that they are doing their bit to help the "down and outers" (George Orwell's term). Some look down on them with disdain. Some are there to tell their friends that they've been. And some feel it's their Christian duty to be there. The heterogeneity of the "down and outers" is parallel to that of the help.

All kinds of political, moral, social, economic and religious statements can be and have been made about the Scott Mission, and others like it. But none of them have abolished the need for such institutions and the Scott Mission carries on with its hot meals, its paper bag lunches, its Meals on Wheels and a host of other efforts.

So maybe Canada can be called"developed" by some- "underdeveloped" by others The distinction is never all that clear or simple, but at least one thing can be said:Canada has its Scott Missions;the Ethiopias of this world do not. So some of our efforts should always be inwardly directed, to ease the suffering here at home,but not at the expense of those directed to help the even needier overseas.

The Buck Has To Stop!

An athletic incidental fee increase for Scarborough students came one step closer to reality as an increase in fees of $15.50 per full time student was passed in a meeting of the College Council last Tuesday.

The only opposition against the motion came from several students on College Council and SAC President Bob Jones. Kevin Sack, SCSC Vice-President, was the only student to vote in favour of the increase.

The question has been raised as to whether the Administration has been honest with the students and whether such an increase is at all ethical. The Athletic Affairs Committee has stated that there will be a shortfall of $67,000 in the projected income for 1985-86 under the present fee structure and that an increase is needed. The major reason for the shortfall is that Athletic Director Taimo Pallandi's salary and benefit costs (about $50,000), which until this year had been paid from the College's number 22 "Academic Salaries" account, has been transferred to the Athletic Budget.

Barbuto has stated that the reason for the transfer passed a motion banning academic fee increases. If this is the case, the Administration, by transferring Pallandi's salary from academic to athletics and asking students to pay for it, is really raising academic fees yet calling the fees by a different name. This theory is further supported by Principal Williams' statements in the past that if the Athletic Fee increase is not installed, severe academic repercussions may result. Why not just call the increase by what it is: an Academic Fee increase?

The former Ontario Minister of Education, Bette Stephenson, in a letter (Oct. 3, 1984) to the Ontario Council on University Affairs stated that she was "concerned if some ancillary fees (our Athletic Fee increase) are used to cover costs traditionally covered by income from operating grants and tuition fees. Pallandi's salary, which is ultimately causing an ancillary fee increase, was previously covered by Operating Grants and tuition fees.

Further evidence that the increase may not be justified come from a letter dated Jan. 24, 1985 from the Executive Assistant of the Ontario Council on University Affairs (OCUA), an advisory to the Minister of Colleges and Universities. The letter states that "it seems pretty clear that through a reshuffling of their budget, they (Scarborough Administration) intend to use the increase to cover expenditures not previously covered by the athletic budget (additional salaries). It is also possible that they may use the increase, or at least part of the increase, for administrative or academic purposes. If this is the case, they are clearly abusing their authority to charge incidental fees."

At the College Council meeting, Principal Williams defended his postion by stating for the first time that, if the Athletic Fee increase does not pass, athletic, not academic services, will be cut despite his previous comments to the contrary. This caused Bob Jones to comment that if that was the case, why not ask Scarborough students whether or not they would rather pay an extra $15.50, or take a cut in the athletic services offered by Scarborough Campus. A questionnaire was sent out in Erindale last year when their Athletic fee structure was reworked.

Despite these objections by students, the increase was almost unanimously passed by the College Council. Students have always formed a very small minority on Council and have very little real influence. The professors on Council are unlikely to object to an increase for fear of cutbacks in their departments if an increase in fees is not instituted. Furthermore, the Administration is hardly likely to hold a referendum a motion that will surely fail. It may also set the Precedent that (God forbid!) students be asked if they can afford to pay more.

The motion still has to pass through the Campus and Community Affairs Committee but it is unlikely to be stopped unless students show an active interest in upholding their rights. What will stop the Administration from moving more items from their academic budgets to ancillary fees and asking students to pay for them?

LETTERS

Dear Editor:

There are a number of situations which I feel I should address. First, I'd like to clear up some ambiguities in my interview with Spencer. The reception for Orlando Patterson was an overage because it was not included in the original budget. When it was added $75.00 was allowed and the reception actually cost less than that.

The quote "on line, on time" should have been "on -line, real-time." This is merely a way of defining the way in which a computer system would operate. This was not intended in any way to criticize anyone.

Second, I would like to voice my extreme displeasure with *The Underground's* review of "Death of a Salesman" put on by the Drama Club. In 2 and a half years of involvement in drama, I, as a representative of the SAC Project Aid Committee, feel that this was the best play ever produced.

Yours Sincerely,
Larry Leger
Finance Commissioner
SCSC 1984-85

To the Editor:

It has come to my attention during my somewhat brief attendance at Scarborough College that there seems to be a strong undercurrent of negativism among the student body with regard to Scarborough College's standing relative to the other campuses of UofT. People run this campus down with negative comments about how low the comments about how low the requirements are, and how poor the professors are. This I am proud to attend Scarborough Campus. It is a small campus which makes it easy to make friends and takes the edge off of the anxiety, which grips first year students during the first week of classes. As far as the low standards at Scarborough Campus are concerned, we contacted Sue Martin in the Admissions Office to find out what the requirements consist of. We were advised that to get into Scarborough or Erindale a 73 percent average is required. The Saint George campus has slightly higher standards, with a requirement of 76 percent. Although students are sometimes accepted with a lower average, the Uof T. requirements are as high, or higher than all other universities in Ontario.

As to the myth that the courses are easier here, I personally have never attended regular classes downtown, but I have taken courses at both O.I.S.E. and Scarborough College; and found them equally as difficult.

The feeling that the professors here are inferior to those downtown is somewhat puzzling to me because at least one of my professors teaches downtown as well as here. One would assume that the quality of his lectures does not deteriorate as he travels east!

I am sorry that so many people feel so negatively towards Scarborough Campus, but as the saying goes, "misery loves company," and that is most certainly the case here.

As one of my professors put it (and he could walk to work downtown, but would rather commute to teach here) "Scarborough college is the heart of U of T." I agree with him and I am proud and happy to attend Scarborough College.

Diane Robinson

To the Editor:

As a past student of JCEB72F (Introduction to Management Science) I feel compelled to complain about the marking structure of this course. To those students who are unaware of the situation a brief history follows. Upon computing final grades (by the professor) the marks were submitted to the Marks Review Committee. At this time the marks were rejected on the basis that the class average was too

Witness portrays Ford in usual role

By Hanif Sarangi

Witness, which opened in Toronto last Friday, is Harrison Ford's latest screen effort. Although nothing too negative can be said about the movie, *Witness* is not a movie that can be strongly recommended.

The movie concerns an eight-year-old Amish boy who witnesses the drug related murder of an undercover policeman in the men's romm of a Philadelphia train station. Ford plays John Book, a police detective assigned to the case. Book discovers the murderers are fellow officers trying to stop a corruption investigation.

The movie so far, sounds like a hundred other such movies about corrupt "cops". *Witness* however, strays from the norm when Book is forced to hide out in the Amish community with the boy and his mother.

The majority of the movie is spent with Book trying to resolve the conflict between his love for the boy's mother and trying to deal with the Amish society in which she lives. The Amish are a pacificist people whos culture has remained unchanged sin the 18th century.

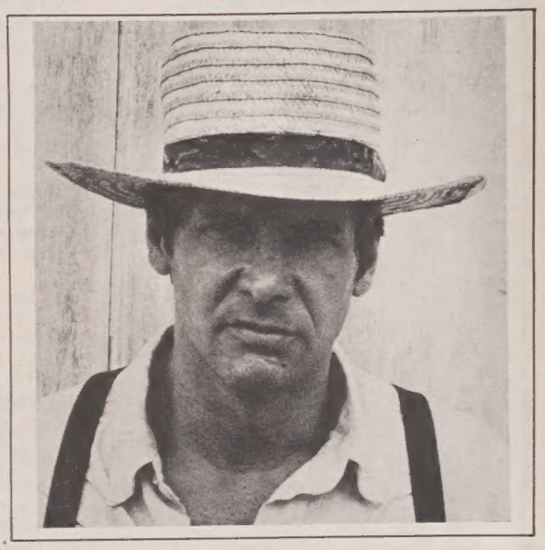
One of the problems with *Witness* is that it can't decide whether it is a thriller, a romance, or a story of cultural conflict. It explores each of these themes but does nont of them justice.

This is not to say that the movie is a total loss. Kelly McGillis, who plays the love interest in the movie and Lukas Haas, the Amish boy both portray their roles realistically. McGillis looks like she could be an Amish widow and not just a model playing the part.

Harrison Ford on the other hand, needs acting lessons. Since Ford is one of the biggest attractions in Hollywood he may just bring in large crowds, but he is one of the least appealing aspects of the movie.

The problem with Ford is that he plays the same type of character as in all of his other movies. Book is the same, cynical, wise-cracking, tough-guy that appeared in the Star Wars trillogy, the two Indianna Jones movies and Bladerunner. After seeing this movie you begin to wonder if Ford can play any other type of role.

Go see *Witness* only if you are a fan of Harrison Ford, you are not too picky, and you have nothing better to do on Reading Week.



Fogerty follows in CCR's footsteps

By Jonathan Bulman

Centrefield is the first solo effort in a number of years from the driving force of Creedence Clearwater Revival. As the genius behind the Bayou-country images of *Proud Mary* and the anti-Vietnam sentiments of *Fortunate Son*, Fogerty's diverse rock and country sounds have never been successfully duplicated. Aided by the popularity of *Bad Moon Rising*, featured in the films "American Werewolf in London" and "The Big Chill," CCR. has enjoyed a rival of sorts. Even Hanoi Rocks has attempted a cover version of *JP Around the Bend* from the earl½y seventies' Cosmos Factory album.

The album opener *The Old Man Down the Road* is vintage Creedence, containing just the right amount of mystery much like the CCR song *Run through the Jungle*. *Rock and Roll Girls* is a classic pop tune that someone like Steven Miller could have released around the time of *Jungle Love*. It contains the same amount of enthusiasm and innocence that the title cut does. Certainly the highlight of the first side is *Big Train (to Memphis.)* Fogerty has the knack of fusing pure country musci with a mix of shuffling drums and country picking, that ends up sounding like rock and roll music.

Fogerty reveals a more eclectic style than he has in the past with CCR but the old tricks of tremoli guitar and echo chamber vocals have still been retained.

Obviously, *I Saw it on T.V.* represents a personal nostalgic journey, where Fogerty traces his boyhood days of television watching to talking about death in Vietnam. If the story concentrates too much on the lyrics at the expense of the music, it is because the real focus of the album should be his voice. Everything thereafter is unimportant.

Fogerty's return to contemporary music is a welcomed relief from the assault of heavy metal and the new wave trendy sounds of current British rock. By following the formula of short and simple tunes, as Creedance did, this solo effort is a definite success.

Mischief not a simple story of 'losing it'

By Megan Davies

Mischief is a great new film playing at the Uptown Theatre in Toronto.

At first sight, the film is about teenagers and *losing it*, but it seems to have more far-reaching implications. The producer of the film, Noel Black says that he "wanted to capture the kind of innocent yet repressed sexual gusto that kids had then." The film stars Doug McKeon, Catherine Mary Stewart, Kelly Preston and Chris Nash.

Jonathan is trying to *lose it* with an unwilling Marilyn, the object of his desires, and he eventually manages it with the help of his best friend Gene, the new boy in town. Gene is the smooth-talking, cool character who boasts about his conquests, but who also has his eyes on Bunny, the sweetheart of the small Ohio town. However, Bunny is already 'taken' by Kenny, the town's rich boy who seems to think that just because he's rich he can have anything he wants. He is also obnoxious and ends up inevitably as Gene's rival.

Jonathan (Doug McKeon), who also played in *On Golden Pond* as Henry Fonda's 'difficult' grandson, plays a somewhat less dimensional character this time. There still comes through as convincing in the role in which he is cast; that is, as a sex-crazed teenager.

Gene (Chris Nasle), who makes his debut in this film, is not only a heartthrob but he plays a very good 'mixed up' teenager from a one-parent home. This character reminds me of the main character in "Rumble Fish " who is aloof and outside the mainstream, but still both characters have a heart and are able to form strong bonds of friendship. Gene is the appealing charmer who plays the role very convincingly and who out of all the characters in the film, sticks in your mind as someone with budding talent.

Bunny(Catherine Mary Stewart), is the epitomy of the smalltown sweetheart whose parents want her to marry the town's rich boy. She is the girl with the pretty look who is the typical bobbysocker with the ribbons in her hair. However, her character is rather shallow, which is probably due to the fact that the director's objective was to emphasize "the friendship between the two boys."

Marilyn (Kelly Preston), is even shallower as a character since the only role she has to play is the girl that every boy dreams about. She is the sex object and Mel Damski is not afraid to let the audience know it as she is portrayed 'in the flesh.'

The film is good for entertainment and a good laugh here and there, but it left me feeling rather confused as to what the director, Mel Damski was hoping to achieve. It seemed he not only wanted teenagers to view the film but parents as well, who could reminisce about their highschool days in the mid 50's.

Mischief seems to be made from the same mould as films like American Graffiti and Grease with a touch of cynicism thrown in for good measure. Cars are still important to the teenagers in the film but friendship takes precedence. Damski mixes too much of a moral and social message into his comic and sexy film which makes me wonder what kind of film he was trying to make.

Women's basketball season ends

Fred Lightfoot

The Scarborough Women's Basketball team season ended abruptly last Thursday night as St. Mike's downed them 48-36.

It was a game, according to both coaches, which was poorly refereed. The game started in the usual fashion with the ball travelling up and down the court. After Denise Coombs bucketed a rebound off a free throw, the score read 3-2. Soon after, Marcia Sylvester made it 10-6. St. Mike's then proceeded to make their comeback.

Jane Boissonneault's toss from tight defensive coverage underneath, still left Scarborough 4 points down. With 30 seconds remaining, Jo Curtis converted 2 points and the half finished 24-19.

The spread of 5 points continued in the second half. Grabbing her own rebound, Curtis narrowed the score to 4 points making it 34-28, there was little action and no points for 2 or 3 minutes.

This lull in play led to a sudden outburst by Scarborough coach, Ken Rose. Rose got upset over a counted basket on an offensive foul. According to Rose, "there is no basket on an offensive foul."

The score began to mount in Saint Mike's favour. Rosanna d'Ambrosi and Dawn Dowling led the downtown squad. D'Ambrosi's solid shooting from the outer perimeter of the key was important as was Dowling's control on the court. However, Dowling was not at all pleased with the referees either, despite the fact that St. Mike's won.

Ken Rose stated he will definitely not return as Scarborough's coach next year. Commenting on his team's victory James Zaniol, the St. Mike's coach stated they had "good fan support and home court advantage. It was a good closing to the season." this win marks the second championship for St. Mike's.

Despite the loss, Scarborough's Debbie Roberts was optimistic, adding there is always next year.

In their confrontation the previous night (the second game of this three game series), both teams played a more defensive game. They were reluctant to take chances and it showed in 31-27 St. Mike's victory.

Scarborough constantly trailed in this encounter. Debbie Roberts played well and scored 3 or 4 baskets. The highlight of the match involved Denise Coombs. She dribbled from centre court through a maze of players and gained some well-earned points.

Men's 'B' Hockey

By Craig Inward

It was just a scant two years ago that the Scarborough College 'B' Men's Ice Hockey team was playing the Jr. Engineering squad for the Jennings Cup Championship. Meanwhile, the Commerce 'A' squad, filled with ringers, has been a perennial powerhouse. Now however, these two teams seem to have stumbled upon some hard times and their plight would appear to be indicative of the crumbling state of the entire 'B' league.

Over the past two years, the number of games in the schedule along with the level of competition has been steadily decreasing. Whether this state is the result of a lack of enthusiasm in some downtown colleges or in the increase of admission standards and the subsequent related decline in athletically minded in people in this university, it is not important. What is important is that something revive the state of the 'B' league on the downtown campus so that interest does not start to decline here in Scarborough.

However, that decline is still far in the future if the last two games are to be any kind of indicator. The 'B' boys, led by Pete Webb's strong three goal performance, trounced the Jr. Engineers 8-1 on January 21st at Varsity Arena. Mark Porter, with two goals and an assist, Jim Stoddart with two goals, and John Doma with one, rounded out the Scarborough scoring. Bruce Collict counted two assists and anchored the defense while Rick Wagner, with five shots on net and goaltender Mark Gylys, who faced 11 shots, turned in fine games also.

The next game, on February 2nd saw the 'B' squad totally dominate the ringerless Commerce 'A' squad. The Commerce side, woefully undermanned, turned in a game performance but still couldn't overcome the sluggish Scarborough outfit and lost by a 6-0 margin. Gylys recorded his third shutout of the season for the B's.

Porter opened the Scarborough scoring and later added another goal to bring his evening's total to two. Stoddart scored the best executed goal of the season on an end-to-end rush late in the first period to give the B's a 3-0 lead. Webb, with a single and James Doma with two goals netted the other 'B' side markers.

Scarborough comes from behind to edge a stronger Med team 4-2

By Rob Crummey

Scarborough's match against Meds last Thursday brought back unpleasant memories of their previous loss to New College in the season opener.

Meds proved to be a much worthier opponent than imagined. Strong goaltending and relentless effort caught the Scarborough squad off guard. With 14:36 remaining in the opening period, Meds led 2-0.

Don Bouyer's shot from the point narrowed the Meds' lead to within one. Joe Porter's goal shortly thereafter tied it. Mark Simpson drifted in from the left wing and waited while Porter moved towards an open shot from his defensive position. A pinpoint pass enabled Porter to finish off a fine display of passing. However, four seconds later Meds moved ahead once again. A shot from the right side of the slot found the top right hand corner, past Tom Hands' blocker. Hands remarked after the game that "he had intentionally left the shooter more room on the glove hand. The shot found the only open spot on the right side."

Scarborough's only remaining threat during the period came on a power play with only 2:00 remaining. A three way passing play between Brian Bigg, John "Mogy", and Gary Saper was failed when Meds' goalie kicked Soper's backhand over the glass. Although Meds led 3-2 into the second period, the increase in pace and body contact favoured Scarborough.

Shortly after the start of the second period, Don Bouyer scored his second goal from the point;however, an interference penalty to Chris Bardwell in front of Meds' net erased the apparent equalizer. Bardwell said he had "been pushed from behind and merely bumped into Meds' goaltender as a result of the push."

After veteran forward, Dave Taylor, had been denied on an end to end rush, Craig Marshall tied the game. With only 5:28 remaining, Marshall broke free at centre ice and fired the snap shot past the Meds' goaltender. At this point in the game, Scarborough dominated the play. However, it was not until the 30 second mark that Len Morishita finally scored the game's winner. When it appeared that the Meds' defenceman had made a fine play by breaking up a pass from Simpson, Morishita found himself alone in front as an open net. As the play developed, the pass was deflected; however, the defensemen also cleared out his own goalie having the net vacant.

Even though Scarborough edged the much improved Med squad 4-2, the dressing room was filled with mixed emotions. Many felt satisfied while veteran defenseman, Steve Lennox "did not feel preppy before or after the game." Taylor felt the team "had not been aggressive enough." Spectators, on the other hand, enjoyed a very tense and entertaining brand of hockey.

First, second and third stars were given to Len Mosishita, Craig Marshall and Don Bouyer, respectively. Future game times were not available at press time.

Soccer nearing playoffs

By Luie Yi

In "B" Division soccer, the stronger teams are now starting to lead the pack towards the playoffs.

The Kicks Only, led by Yoran Beer's three goals, AACSA II 4-0. The shutout performance was shared by Lincoln Lee and Tony Lee as they played a half each.

In other "B" Division games, Sunther Kuppan scored the hat trick to tie him with Yoram Beer for the scoring lead with 7 goals piece, as the I.S.A. Coconuts walked over the Rock Busters 4-1.

Puffs United, trailing first place Kicks and second place I.S.A. Cocanuts defeated the Immigrants 2-1.

The last game was a 1-1 draw as the Yim Yaws and Fermions played a very tight match with both teams gaining several opportunities to score. But in the end, it was the brilliant goaltending by Mike Ridley which kept the game a tie.

In "A" Division, Olympians shutout Chaps 2-0 with Gus Tricahas notching two goals, AACSA I 1, Eagles 0, Alumni 2, Ariyana 0 and 1st place Alcoholics and second place Grads getting the bye.

March Break at Devil's Elbow

Next Tuesday, February 19, over 700 Scarborough Campus students will descend on Devil's Elbow for the annual ski bash. The event is a must for all skiers and non-skiers alike.

In order to assist financially strapped students, the Athletic Association has announced a wide-ranging fee schedule.

For those wanting to take their cars, prices are as follows: $13 for the tow ticket for downhill skiing and entry to the bash. For those without skis, the cost is $18, and for cross-county skiing, the cost is $7 without skis, $11 with ski rental.

Students who don't want to worry about driving can take one of the at least 15 buses that leave at 7 am. The bus, tow ticket and entry to the bash is $25. Rentals are another $5, bringing the total to $30 for the beginner.

For cross country skiers, the price of $20 includes the bash and the bus.Cross county ski rentals are $4, bringing the total cost for the cross country beginner to $24.

Finally, for students who are either petrified of skiing or have broken legs, but still want to have fun; the bus and the bash are $18.

Tickets will be on sale all week in the Athletic Association office from 10am to 4pm.

Letters

cont. from p.4

marks were temporarily withheld from the class as adjustments were made. Towards the end of January the marks were revealed, with the now lower class average. The final exam had a weighting of 40% of the overall mark. I personally went into the final with a B minus (71%), wrote the exam and achieved 86%, and received a final grade of B minus. With the previous weighting scheme I should have got an overall mark of B plus. Why then did I get a B minus rather than a B plus? As a Commerce/Economics Specialist I am required to take this course for my degree. Furthermore this credit is required for the R.I.A. (accounting profession) program. I, just like many other students, studied hard for that exam and feel that such a mark (86%) was well earned.

If the Marks Review Committee has the authority to adjust (either up or down) any final grade for any course, then who is safe? The idea of the committee is to protect the student from unfair exams that pull their marks down; however, since they probably have no idea what the course content is like, then why should they be able to pass judgement and deem a student's marks too high. Compared to such courses as MATA27Y, COMAOIY, COMBOIY and JCECO2Y (other degree requirements) I can safely state in comparison JCEB72F is relatively much easier. As well the course content following the mid-term got easier (eg. Simplex method vs. Row Minimum method) as will be verified by most B72 students.

Why then are the B72 students being penalized for taking a required course that turns out to be relatively easy for the Commerce program? Why have none of the B72 students been informed of the new marking scheme? Why is it a big secret? Why is the professor reluctant to discuss the entire issue? Furthermore why can't a UofT student challenge the ruling of the marks review committee as it is university policy and therefore indisputable?

If the policy has drawbacks then it warrants attention and possible reconstruction. Until such time *no* student is assured of the mark that he or she has earned and may be forced to settle for a mark that may not be a fair representation of his or her work. It seems to me that the Marks Review Committee has forgotten the primary purpose of protecting students.

Obviously, the welfare of the student is endangered under the current situation. Question is-should it be endangered?

To the Editor

At the January 30th, 1985 SCSC meeting Kevin Sack once again took to shouting and as your editorial stated "ranting and raving." While Mr. Sack has continously criticized Council Members and Council as a whole he has yet to act in any way to correct situations which he believes are not healthy. Mr. Sack's continuing use of profanity and shouting at Council Meetings does nothing to increase the morale of Council Members nor students.

Throughout the year (as in every year) Council experienced personality problems. This is to be expected in student politics. Council members have worked to solve these problems and do their best to serve the students. However, instead of assisting in reconciliations, Mr. Sack instigates further clashes.

Mr. Sack is quick to jump on Council but if he believes that Council is in such a bad state why hasn't he done anything about it? Mr. Sack himself is to blame. After ten months in Office he has yet to accomplish anything but big temper tantrums.

This year's SCSC may be low key but work is being done, qnd progress evident. Contrary to what Mr. Sack thinks SCSC has accomplished a lot. Cultural and Academic Clubs continue to enjoy funds while being given good direction and motivation to try new types of events. The Duplicating Centre has improved 100%, the Pub has been renovated and weeknight entertainment has been increased. Meeting Place events have been of excellent quality and second to none. The number of students employed by SCSC has almost doubled from last year. The list is endless. For $17.25 students as Scarborough are getting a bargain.

It is unfortuante that Kevin Sack feels that he must use Council to get press coverage to help him in his upcoming bide for the SCSC Presidency.

Violets are blue,
Lets get this issue
Out on time, too!
From a concerned but confident reader.

Sweetie:
As I reflect on things past,
We have remained together
Knowing our love would last ...
From now until forever.
P.S. Thanks for caring,
Thanks for sharing,
Thanks for being.
Yours now and forever, Shygen.

To Carla,
Happy Valentine's Day. Best friends are hard to come by, but when found best friendships are solid as a rock. Thanks for always being a friend. And although we are always apart, you are the 'closest' and 'bestest' person I know. Have fun in Mexico and remember I love you.
Sandy.

To the men in F1,
For all the wild and kinky pleasures we've all enjoyed...let's not stop now. Just don't call us girls, We are women!
Love Ms. M and Ms N.

Janice,
Roses are Red
Violets are Blue,
What would school,
Be without you,
Thanks for all the rides,
to school.
Happy Valentine's Day.
Love, M.L.

To my dearest Allum,
You mean so much to me,
and I wish you were
here 'cause you make,
me feel brand new.
Endless love, Maria.

My Beautiful Kitten,
I have loved you in the past. I love you now. I will love you forever.
Your sexpot.

To Leslie Dickson,
This is a special day,
When people like to say,
I love you, I like you,
And I really care about you too.
But when it comes to us,
I can't put up a fuss,
I have to say its true,
I'm glad to have met someone right as Special as You!
Happy V.D Day,
Luv ya,
You know who.

Happy Valentine's Paul Legge,
We read your quote of desperation, worry no longer, the girls of us here in the pschology department long for your manly embrace, and would like to reassure you that you are truly respected and loved for your genuine devotion to our campus newspaper. We wish you the best on Valentine's Day and come up and see us when you can spare a moment.
Love, the girls on the 5th floor.

Well ladies, not only did you save this Valentine's issue but you made my day! I would have run the original but I've framed it and put it in my room. Happy Valentine's to you all and some day I will show my face on the fifth floor!
From a not-so-depressed-anymore Editor.

To Ilsa, High Commandantess of the S.S.,
Even though you don't spike your hair we'll still follow you everywhere. Love your boot licking fans, The Cafeteria Commandos.

To Ravishing Rita,
Hi, Love Johnny Cool.

To Fric and Frac,
Hi--from Johnny Cool.

To Elfish Evelyn, Hi--Love Giovanni.

To my Chimney sweep,
Don't be soared-take the chance, Try Romance!
Love, Teddy Sue.

To all the guys I've lusted for,
Who saunter past my classroom door, I dedicate this poem,
To those of you who roam,
The halls that pass my classroom door.
Love always, The Watcher.

e 2 :
You know who this is so I won't get too mushy and embarass myself but...I sure would like to get a lot friskier with you!
A not so secret admirer.

To Tom W.,
You wild guy you-keep the laughs coming-thought up any more Pole jokes?
Love, Still laughing on the TTC.

To My dearest Yap Poon Mooi,
I always luv you.
Clemence L.

Mauro T., Rob?, Paul?, John?, Gerry?, Jeff W., & Gary Y., Chris B. And all the other great looking MEN that adorn the halls of this institution!
Happy Valentine's Day.
The pleasure we derive from drooling over your bodies is inexplicable!
The girls in B11.

Polera,
It's a shame you can't spend Valentine's Day in Italy where you belong.
From THE GIRLS.

To the girls in B11,
It's been a slice!(who shall we cut-up now?!)
Happy Valentine's Day, R.M. & T.C.

To M.B.,
Since you've been kind enough to avoid us all, I thought I would be kind enough to thank you for it!
Thanks.

to Kimberley
You're sweet, You're nice, You're Paradise! And all kinds of stuff like that there! Happy Valentine's Day
Love Cal

Mary Ann,
Miles between us are of no consequence since thought of you brings a smile to my face. Hope there are many more tender moments, memories of which will continue to bring a smile. For this, the first of many Valentines, I say thanks!
Long Distance Romancer.

Happy, Happy, Valentine's Day

Pedro A,
Thanx for an unforgettable day (and night)
I'll never forget,
I'll never regret,
And the older we get,
The more I'll expect,
That we'll get back and live it all over again.
Love, Suze E.

To Mark,
Our favourite Valentine's baby happy 21st birthday.
Love, The Running Rebels.

To Kaedmon,
Happy Valentine's Day.
Love, Leela

Gary,
Since you came into my life,
You have influenced my every day,
You're always in my thoughts,
Much more than I can say
To be close to you is heaven,
Regardless of what we do,
And you must know by now that
I'm in love with you.
Happy Valentine's Darling, T.C.

To Barb R,
Smile and I'll smile with you,
Cry and I'll cry with you,
Be there and I'll be there for you,
Keep on being yourself Baby,
Happy Valentine's.
Love, Tina M.

To all the girls in B11,
Love you guys, its been a slice. Happy Valentine's.
Love
Tina and Barb.

To my rough, tough army guy Gary,
We both know you have the heart of a teddy bear!
Will you be my Valentine?
With love and chocolate kisses, Your P.T.

Maureen T.,
I was very pleased, and somewhat surprised to see that you decided to take psychology with me again. J.R. and myself should get a few more good laughs this year. Happy Valentine's Day and do not forget to 'Fully hug my intimate body.'
See you in class, F.K.

Rossana,
Regardless of whom I meet or what I do or what I've become it is the friends I grew up with that I feel closest to and that I have the most common with. Though we don't see each often, when we do it is as though were always together so comfortable, so honest, so natural. I guess old friends who know where we come from, who know our backgrounds, who know our families have an understanding of us that no new friend can ever have.
Tina.

To E.L., Jeg elsker deg!!
C.B.D.

Shelley,
Glad to have met you.
Be my Valentine!
Your trammate.

Trillian:
You're a peach, my dear, together we're a pair.
Love Zaphod, Marvin, Ford & Arthur

To Bernie, HVD
With his hair on his chest so serpentine.
From your PC pal.

Hey There, you with the stars in yourEyes!
We see you every Thursday, across the hall, and long to meet you. We're shy, so we can't ask Ed to introduce us all, but give us a sign that you'll be ours!
We need encouragement! Are you shy, too? We like the strong and silent type!
Love, Your admirers from Bio lab in S-250.

Audry
My forehand is pathetic,
My backhand no better.
So let's find a game
We are good at together.
Squashed.

The Back Corner.

Marianne B.
Roses are red,
Your car is blue,
People with charge cards
Don't like you,
But your smile is perfect,
And your eyes sparkle bright,
So somehow I think
That you might be alright.
The Hydroslide Pro.

Carol,
Stars climbing the dew-dripping sky,
Live but to light your passing feet.
-Love, A.L. (B.H.).

Elizabeth,

You said to be patient,
And so I have.
Why is it that when
Our eyes are open
We can't see?
So here we are,
Separated by the veneer,
The machine rings on,
But the love won't stop.
Love rotting at the core
Kills what was once
Too good! Too bad!!
So I shall wait,
My love kept to myself,
Alone on this special day.
Remember, the river will meandre,
But it leads to a calm, open sea!

Love Forever,
The calm, open sea.

Happy Valentine's Day Len,
Love Y.O., U.S., E.X., K.L., N.G.

Happy Valentine's Day Boobah-Shayna.
Love Boobah-Shayna
P.S. I want to have "X" number of Them.

Dear Grace and Premm,
Hello, hello, hello!
G'bye, g'bye, g'bye!
I'm just kidding. It's too bad we don't keep in touch as much any more. Well, maybe later, when school's not quite as hectic.
Keith.

To all the staff of The Underground, may your Valentine's Day be full of everything but the thought of this newspaper. Although I bitch and shout, you should know it's only because I don't have a woman and not because I hate you all.
Your Boss.

Dear Bhupesh, Mary, Leslie, Ferooza
Hi guys! Surprise. Mary & Leslie, I hope you enjoyed the Feb. Frolic. And yes, we will definitely have to get together and make cheesecake.
Until then, KC.

To Gary, my favourite TA.
Thanks for all your help and understanding.
Yours truly, Elise.

Tina G.,
Only you,
Happy Valentine's Day,
Ray O.

An Ode to Greg L. in Zoology:
You are the knight in shining armour
Whom I've adored for oh so long.
You are a handsome charmer,
And you are also bold and strong.

I've dreamt of just the two of us
Together on the beach,
Holding hands and walking ...
But you're always out of reach.

My shyness holds me back
I cannot even say hello.
But I had to write this little note
Just to let you know.

I cannot make the first move
I must leave it up to you
And hopefully, someday soon
My dreams will all come true.

Can't wait
P.J.

To my Valentine Bruce Collie ...
I've seen you in class and I like the way you wiggle your all.
But that's not the only part that I admire.
You're exceptionally well developed for a 5 foot niner!
Signed

Paul Kossta,
What great sports coverage. You're the greatest! Ha, and get yourself a Valentine other than me.
The one who couldn't make it to New York.

Booby,
That's three! Let's see if we can make it to four.
Love you always, Ubus.

Jordene;
I'd love to lick the sweat off your body and do unspeakable things to you in the dark.
All my love,
Bob. xo

Happy Valentine's Day and missing you a lot. xoxo (hugs & kisses)

Dear Steven,
A little old woman, with hair snowy white.
Appeared in my small room as I lay tucked in bed last night.
I'm your fairy godmother she said one wish I'll grant to you,
For Valentine's my dear I'll make your special hope come true -
I thought of how I loved you and close my eyes real tight.
That kind old woman waved her wand and vanished into the night.
Now after all the months and miles that we have been apart,
We spend this time together - the wish came from my heart.
All my love, Heather

Dear Andy-Jacques,
Everyday I dream about you and watch your virile body playing squash. Your acqua eyes light up my day and your dazzling smile melts my heart. I stare at you totally enthralled in ENGAO2 (too bad you sit beside three gorgeous girls).
Love, Your secret admirer.

To my husband, Kurtis,
September 16th, 1982 - Remember?!
We've shared a lot of the good and bad times together, and this Valentine's day is just another special moment that we share together. I've grown to love you more and more everyday. I hope that our love continues to grow, and Kurtis, I love you very much. HAPPY VALENTINES HONEY (100 • - tee hee)
P.S. My future love to Jason, Jerome, Natasha, Nisha, and Christina. Love always Your wife Paula

To Cuddle Kins:
"Kisses, kisses, Hugs and kisses" (sung to "Bits and Pieces")
Lots of Kissy Poos my precious snugglebuns, I thought this would be safter than getting sick on candy. Love your little Pukaloo.

Love always your favourite Hawaiian.

Hey Neil, George, Lee, and all the gang in Thursday's Bio lab,
This just a short note to say,
Won't you all be mine this Valentine's Day? The labs are great, we have such fun, and you must know by now, you're number one.
See y'all at the H. Hop!
Awaiting R-Day in anticipation, Ross (2)xxo.

Welcome, to Miller time!
Your voice hits me where I live, Dave! I want you to be mine this Valentine's Day; I could make your day! If it's yes, then could play 'Memory' from the Broadway play 'Cats' on your show this Thursday? You can say that an admirer requested it! I'll be waiting in anticipation for your show.
Love, A devoted fan.

Hey you! Ya you! The one that wears the sheepskin coat, has those sparkling eyes and engaging dimples! This Valentine's message is just for you!
I've admired you from afar for far too long, You're a gorgeous guy, but don't get me wrong. I won't use this message to get my own way, But wihs you a special 'Happy Valentine's Day!
You don't have to be mine, but if you were on loan...
Wth smouldering desire, A secret admirer.

To 'The only one',
May our laughter be forever,
May the sun always shine,
May our dreams become reality,
May you always be mine,
Love 'Sno-pea'

Toad,
In all the time I have known you it seems like the best is just starting to come out, I hope it stays that way forever. The bad times have been replaced by the good and the good by the great, now I am looking forward to seeing what the great are going to be replaced by, as long as they are with you it doesn't matter!
Love, Forever, S-15-10.

Jeff,
Was it you that did the pushin,
that left the stains upon the cushion,
and the foot prints on the dashboard upside down? If it was you ya slimmy pecker that was it my daughter becker You best be gettin out of town.
REPLY!
It was I that did the pushin,
THAT LEFT THE STAINS UPON THE CUSHION. And the footprints on the dashboard upside down. But since I was in you daughter I've had trouble passin' water so guess that leaves us even all around.
He Ha!, K.

Booze,

Pardeep,
I love your sense of humour and your charm, compassion, good looks, taste in clothes and friends. I have to tell you this way because I'm too shy to do it any other way. But don't get me wrong. I've shared a lot with you and I can sincerely say that I would not want it any other way. We've spent time building sandcastles of friendship together, let's not let a passing foot deter us from building them up higher. Your turn, think of a better analogy! You know who ... Hint: Corsican Bros. at the drive-in last summer.
P.S. Let's keep this between you and me.

Luci,
I'm truly sorry about us but we would only hurt each other by our words and actions. I wish we could be friends again and be close the way we were in the summer. We need time to grow up. I do love you very much and I care a great deal about your happiness. Let's try once again to be friends.
Love M.M. Wah.

Life,
This is what you are to me. A revitalizing, invigorating animal of energy. When I'm with you, you share this life and I feel the need to experience the energy like it has never been experienced before. Don't die out on me!

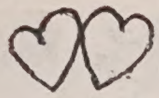
In the Know



Lila,
Happy to see that you're together again. I've been looking at you through the crowded hallways and have noticed our eyes making fleeting contact. I should have been bolder but its too late again. I just want you to know that you're very special and that he's got the best.
Happy Valentines Love U-Know

D.P.K.A.A,
I'ts been wonderful knowing you. I truly enjoy your company and I think we should go out (as friends) sometimes if and when I am sober. I don't drive you around but I do drive you up the wall don't I? Come on, we'll have a good time!
Love Not Carl

To my Bunnys on Valentine's Day:
These past few years have made wonderful memories for me and you. I hope there are many more in store for us (Stratford, here we come!) Besides who else will warm a cold rose on cold feet?! Your body is so soft, but oh so strong -- I just love cuddling up against you, and best of all HUGGING you! (But you knew that already!!) See ya tonight, babe

To Wendy
when doubt's shadow
flutters across my sight,
when drops of pain
linger on my soul
like honey dripping slowly
from the shininy knife's edge,
when this heart of mine
echoes forever
with the pounding of
footsteps in a deserted house
at the dawn of night,
Then I know I need you
to love me
as the sky loves the sun
brining hear, cutting away
dark's bite ...
In my life, Wendy, you are my light.
I love you
Forever and a day

From two friends and not the 'dizy sluts'

Dear M.E. Popsicles are green, so nice,
To bad they can't suffice,
For although the bluffs are secluded,
You really can't elude it;
You were there with the wrong Valentine guy,
Aren't you being sly,
But if your real valentine knew,
Would he want to be with you?
There is nothing stronger than the bond of brothers,
Which one you like is what one wonders,
Perhaps it's that you're having fun,
Is it that two is better than one?
Idle comments these are not,
Remember we have not forgot,
Silence is the Key,
Being quiet might set you free!
We'll be watching you, A.B.C.

Dear DKS,
The first time I saw you my heart wanted you,
But for so long I could not express my feelings for you,
Now that I have revealed my passion for you I cannot control it,
You occupy my mind constantly,
Yet I don't know your true feelings about me,
And all those other suitors around you make me wonder if I can truly win your heart,
But I will do all I can to hold you in my arms and say those special words which convey my feelings.
Repressed for so long.

To "Tarzan" Marzan,
The girl who has everything including a life's supply of Dentyne gum! Happy Valentine's.
P.S. Hope to see you on the slopes soon

Results of study on girls from D-4:I once heard a joke that went: "I'd rather have a bottle in front of me than to have a frontal lobotomy." After evaluating the behaviour of the individuals who reside in D-4, I have come to the conclusion that they actually prefer to have both! as they ass seem to be suffering from frontal lobe syndrome and chronic alcoholism. But, seriously folks, you gals are more fun than a dune buggy on a bah-hah, and I'd like each one of you to be my Valentine.
Love S.T.

To B-4, the girls who refuse to laugh at truly funny jokes:
So what makes you think you gals deserve a Valentine's letter? Huh!! You never laugh at my great jokes and when I come over to see you, what do I get?! Spaghetti thrown at me! I tell you, I get no respect!! See if I ever bring over a Caesar salad I made all by myself!
Well, in spite of it all, have a happy Valentine's Day... some of you, anyhow.
Love Steve

A poem to my valentine, Kenneth,
Colour
When you are lying lovely
sure of every angle
in winter's rough couch

a shaft of snow
clinging to rock
where deep colour
lights the north star

shift the field
your eyes turn the distance
this place of hanging valleys
days unseen by us

and smile
as falling mountains
slowly change
breaking themselves
to shake the world

Love's endless life,
Shake me

Pou!,
Without you here, I think I would have sulked for the next four years. What more can I say but thanx for your friendship. This year has been made amazing because of it.
P.S. Have a muffin for me!, Love Sleazo.

Steve,
Another year gone by, now that makes 3. If that's not a miracle! Don't know what is. You are wonderful and my bestest friend. I love you, Ailene.
P.S. Oh yeah, Happy Valentine's.

Mon amour:
C'est notre derniere annee de l'Universite, ou a commence notre amour, mais c'est aussi le commencement de notre vie ensemble.
Je t'aimerai toujours, E.Z.

My Nimmie,
I believe you have the most beautiful, and exquisite body in the whole world. And your mind isn't bad either! I guess I love all of you (very much).
Happy Valentine's Day, S.P.

Dear Akeel
Friends are friends forever
If the Lord's the Lord of them
And a friend will not say never
Cause the welcome will not end
Though it's hard to let you go
In the Fathers hands we know
That a lifetime is not too long
To live as Friends.
Love always, Cindy

To Mark Deopen,
Everyday in biology I sit and stare at you. Unfortunately the class is too large for us to become acquainted. I try to rush in to sit beside you, but to no avail. Alas, I must worship you from afar. If you wish to become acquainted with me, meet me in the small cafeteria in the H-wing, the first Monday following this publication at 10:20 am. You'll know me.
Your secret lover

To my buddy, Miss Creampuff.
How God ever stuffed so much warmth and sweetness into such a small package is beyond me. Have a wicked Valentine's day. From your not so secret admirer.

I see you in my Psych classes
Your curly hair above the masses
Your eyes so deep - just like a sea
Reach out and envelop me

I've longed for so long to be your friend
You & I could make a good blend
You are such a mystery to me
Could we meet for a spot of tea?

If you are already taken
(And I hope I am mistaken)
The world will not end
But could we still be friends?

Happy Valentine's Day
Love & best wishes JVA 442

To my darling Zul,
Please don't think me a fool,
But these words I must say,
My precious jewel.
Your eyes I adore,
Your smile even more,
You're everything I want,
My heart then would soar,
These words can't express,
That I think you're the best,
But I'll have to keep my distance,
My name, I can't confess,
And so my true love, I must go well, at least now you know.

SPORTS

Tory Stud Farm grand opening

The Scarborough Campus Men's Volleyball team has been selected as the first group donor for the recently opened Tory Stud Farm. The farm is a crown corporation created by our new Conservative government. The project has been a well guarded federal secret since September, and the announcement was withheld until a suitable group donor could be located. The Scarborough Men's Volleyball squad was selected from over 1200 group applicants.

Coach Al Trim (notably excited and dressed in a raincoat) put in the team's application secretly and made the announcement of *victory* just last evening.

"We have a fine group of athletes on this team and I have very little doubt that the government people will be impressed with my boys." Coach Trim also revealed that the team has been working on a special set of exercises designed by federal officials.

Captain Marscello Ulloa had expressed concern on behalf of the team earlier in the year. "The guys didn't know why the coach had us performing unusual calisthenics at midnight in the Teaching Studio." Ulloa however, was elated when he discovered the real reason behind the strange conditioning program. He feels the team could have a chance to represent Canada at the Stud-Olympics held in 1986 in Jamaica.

Other team members were equally excited. Kevin Ryan claimed it would be enough to keep him out of The Pub for at least a week. Tim Miller was excited about the possibility that the program might help him grow. Richard Kwon was so excited that he could only reply in his native tongue while performing cartwheels across the gym floor. Doug Martin was seen mumbling, "This will be better than a good short set up the middle." Leonard Katayama was reportedly 'Woken up' by the news, a major accomplishment for Leonard.

Other team members - Joe Turco, Dave Pennington and Terry Apostoli - simply passed out upon hearing the news. Chris Simpson and Ed Richardi could not be reached for comment. Coach Trim claimed the two were booking the Teaching Studio for the team on a more permanent basis.

Hockey on way to Japan!

As every one knows, the February break will soon be upon us. No one is more aware of this fact than the coaching staff and players of Scarborough's 'A' Hockey Team. Several representatives of the Japanese International League have been assigned the job of arranging an exhibition tour with Toronto Varsity Blues. However, they were impressed with Scarborough's squad and several Japanese University teams would be in the best interests of all concerned. Arrangements were made and the tour details finalized.

The team has been preparing for the tour throughout the season. Through the contacts of Len Morishita, the team had had a number of exhibition games with teams affiliated with Toronto's Japanese Hockey League. The results have been very encouraging. The coaching staff of Glen Bradley and Rick Stouffer feel the team should be able to keep pace with the fast pace played throughout Japan. Their only concern seem to be the fact that all rinks in Japan are outdoors. In preparation for the tour, the team has been practising at Nathan Philip's Square after all the pleasure skaters have been chased off the ice. Bradley feels that the outdoor practise, as well as the contact involved in clearing the pleasure skaters off the ice should increase Scarborough's chances.

Those interested in watching the action must submit an application for transportation and accomodation to Phys. Ed office by February 15th. Bus fare will by $55.00 return. Accomodations will be provided by Japan's university dormitory plan free of charge. Deposits will be $30.00. Spectators must supply their own expense money. All fees must be paid in Canadian currency. There are only 60 seats available. Those interested in fine hockey and a cheap vacation must act fast.

Rose gets the boot from Pallandi

Late last night Athletic Director Taimo Pallandi fired Women's Basketball coach Ken Rose.

Mr. Pallandi walked into the *Underground* office this morning to confirm Rose's dismissal. The firing comes in the wake of serious, sometimes acrimonious, contract renegotiations.

In announcing Mr. Rose's dismissal, Mr. Pallandi has hired former NBA stars Dave Cowens and Wilt Chamberlain to take over the team.

Many team players expressed shock and disappointment upon hearing about Rose's dismissal. Some openly wept and vehemently said, 'Ken was a great coach and person, he didn't deserve this.' Others said that although Rose had an incredible winning percentage of .999 his contract hassle was extremely detrimental to the team's performance. The arrival of Cowens and Chamberlain has many players nervous about the team's future play.

The contract that Cowens and Chamberlain signed includes free lifetime food in the cafeterias. Of course, this part is contingent on their being able to fit through the doorways.

Volleyball team into mud wrestling at Forresters

By Seedy Smit

In my quest to become an investigative journalist, I have been closely pursuing the Scarborough Women's Volleyball team in an attempt to learn how the women conduct themselves after their late Monday night games.

I was tipped off by inside sources that shady coach Wayde Lansing (alias Casanova) runs a multi-million dollar mud wrestling operation in the basement of FORRESTER'S.

Dressed incognito, with long drench coat, burly beard, tinted glasses, and fedora. I watched the building with a suspicious eye. With focussed binoculars I witnessed the women's team slide into Wayde's establishment. This was my chance to actually record on paper what these women find so exciting after their late Monday night games.

Upon entering, I was blocked by Janice Gerardi and Lisa Depew. Demonstrating their aggressive court behaviour they roughed me up and questioned me as to my credentials. As cool and collective as I am, I eluded their suspicions and was released to further my investigation. Seated in a rather dark corner, I surveyed the premises, noticing the shorter members of the team, Carmen Brumberg and Sandy Smyth wearing little more than hot pants and wet t-shirts serving Volley beer and setting tables.

Confusion, loud noise, and several excited men were gathered around a pit filled with watery mud, cheering on two women, who I know from previous volleyball games to be Jennefer Britton and Christine Wood. Mud soaked hair and bodies slithered from corner to corner as Christie delivered several smashes that Lisa found difficult to defend. Pacing frantically around the pit was the notorious ringleader Wayde Lansing yelling words of encouragement.

Above the commotion of yelling and screaming could be heard loud rock music. Many were engaging in modern dance.

However, two salient figures stood out who I recognized to be Paula Gluk and Teresa Raponi who were strutting and bumping their stuff. As Lansing said in an earlier interview, 'My girl's have what it takes'.

What concerned me however, was the number of smashed patrons displaying obnoxious behaviour. It took an alert journalists' eye to notice that Eliza Ngan was spiking the drinks.

I discreetly slipped into a secret room, where to my amazement I found newly acquired Susan Murray participating in nude aerobics. Trying not to disclose my cover, I posed as a HUSTLER photographer and requested that she tell me why she was exercising. Susan replied, 'My greatest ambition in life is to become a champion mud wrestler and I must remain in shape.'

At that, I tipped Carmen and discreetly slid out of Wayde's establishment satisfied, fulfilled, and reassured that the Women's Volleyball team is able to function off the court as well as on the court and with the same amount of enthusiasm identified so often with the Scarborough club.

I just may begin to join the team after hours in the future.

The Population explosion a social craze

The population explosion. Is it the latest social craze? Could it be civil disobedience? Or is it just uncalled for biological misfortunes?

Canada is now feeling the effects most of the world has already felt with this current population explosion. Incredible numbers of people are exploding all over and it is difficult to ascertain just when it will end. Indeed, with over two hundred people blowing up only yesterday, it is frightening to consider that this epidemic may not even have peaked as yet.

Coroners are baffled as to the origin of these deaths. The explosions seem to occur unexpectedly and spontaneously. People have been blowing up while walking down the street or over a coffee.

Surely the cruelest chapter in the history of the population explosion would have to be the baby boom! The baby boom has been a traumatic experience in many families. Charlotte Cordwood of Porkton, N.S. was once the mother of a handsome baby boy. She relates her story:

"Jeffy was just the perfect baby boy. He hadn't been sick and the doctor assured me that there was nothing wrong with him. Then one day after his bottle I burped him and he... he just blew up. Just like that! I was in shock."

Charlolette still has a piece of shrapnel, presumably a finger, in her from the explosion. It is too close to her heart for the doctors to operate, but she claims it doesn't bother her. "Jeffy will now always be close to my heart," she said.

If this population explosion is allowed to continue unchecked, it could mean a radically reduced population. Carried to the extreme, it could mean the end of unemployment and overcrowded classrooms. U.S. President Ronald Reagan is at present attempting to obtain funding in order to solve the problem. Reagan claims that although he may not find a cure, he will be satisfied with simply finding a means of controlling the explosions or consigning them to just the Democrats. Do not panic, there is still hope.

Gretzky gets chance with Leafs

By Queen Klancy

Describing it as a great day for the Toronto Maple Leafs, owner Harold Ballard exclaimed, "Now we'll make the playoffs." Ballard was referring to yesterday's late night addition of Wayne Gretzky.

The Leafs were able to claim Gretzky after entrepreneur Peter Pocklington's financial empire collapsed. The Alberta Government declared today a "provincial day of mourning." Premier Peter Lougheed expressed anger and disappointment at the sudden demise of the Oilers after Pocklington's difficulties. Lougheed was upset that Pocklington did not tell him of his financial difficulties. He said, "If Mr. Pocklington would have told us he was having financial problems we would have bought the Oilers."

Edmonton's loss is Toronto's gain. Leaf Coach Dan Maloney was ecstatic about the addition, but added that Gretzky must still crack the lineup. He remarked that Gretzky's past performance will not assure him a regular shift. "We plan to start him in penalty-killing situations," said Maloney.

The Leafs were able to claim Gretzky because of the emergency waiver draft called by league President John Ziegler. Because the Leafs are/were in last place they had the first choice. General Manager Gerry McNamara claimed Gretzky after long consultation with his scouting staff. There seemed to be a delay because some Leaf administrators felt that the Leafs should take Dave Semenko to add some muscle. Apparently, Maloney and Assistant Coach John Brophy wanted toughness and expressed concern that Gretzky could not provide the needed muscle necessary to help overcome the Detroit Red Wings in the anticipated tough March showdown.

However, Vice-President King Clancy believed that Gretzky's talent was a larger asset than the muscle Semenko would provide.

Nevertheless, most Leaf fans contacted early this morning expressed shock and disbelief at the acquisition. But, those awake enough to give a coherent response were delighted with the addition. Some fans expressed optimism that the team would now make the playoffs.

As for the Leaf players, Captain Rick Vaive hopes Gretzky will add some offensive punch to the attack. If Gretzky cracks the regular lineup, Vaive should be the main beneficiary. Vaive could easily reach 50 goals with Gretzky's assistance.

With such a system, is it really any wonder that one of the first priorities for a graduating student, after securing a career, is buying a car?

As such, we feel that it is our obligation to remind students of the true impact of the slogan: "TTC-'The Brutal Way'."

Far be it for us to be critical of such an essential service...we have, in all fairness, noted only a few minor problems. Any rebuttals to our observation of the condtion of this transit system are welcome. The Revolutionaries were given fines tacked on to their student fees and then set free.

LOOKING AT:

TORONTO'S TRANSIT

By Alvin Ng and Thomas Wildfang

Considering the great number of students who are compelled to use the TTC extensively(and in extreme cases, exclusively), we felt that an in-depth study of some of the factors that make this one of the most unbearable experiences of University Life was appropriate.

Below is a table showing the more common characteristics of transit drivers encountered by most users of the system.

But of course, most drivers do not fall exactly into either of the categories we have outlined above. Instead the average TTC driver is a composite of many aggravating attributes.

Many of these irritating behavioural elements are entirely insignificant in their own right, but when brought together, are compelling evidence that "the whole is more annoying than the sum of its parts."

On an average day for example, a university student may have to contend with:

-coffee breaks taken by drivers either at peak times or when you're late for class
-subway doors designed to increase business for the various manufacturers of prosthetics
-drivers who insist on stopping nowhere but in the exact space provided at the stop, or, conversely, never stop where they should
-staggered subway transfers such that you cannot catch a connecting train-ever!
-incredibly lengthy turn arounds at subway terminal stations-which successfully raise one's blood pressure to dangerously high levels
-subway turnstiles built to lower Canada's fertility rate
-drivers who refuse to permit you to disembark until your intended transfer vehicle has vanished over the horizon
-service sparse enough to precipitate a severe case of either hypothermia or heat stroke-depending on the season
-drivers who hassle people who appear to be under 13 for proper student ID
-drivers who deactivate the 'stop request' wire so they can stay on schedule; or those who believe that to pick up passengers would disrupt their schedules
-fare rates designed to force students into full time employment
and how about drivers who believe that the intelligence required to operate a motor vehicle is inversely proportional to the said vehicle's mass-and drive accordingly?

STREETCAR	Known to practice rail jumping and 'wheelies' with a 20 ton vehicle.	Known to hold up traffic for miles by keeping entrance/exit doors open. Also possesses the uncanny ability to find enough dandelions along major roadways to make wine for the year.
BUS	Gets passengers to move back by out-accelerating local Porsches. Opens exit doors for passengers to disembark at 40 km/h. Possibly holds a second job with GM speed-testing new parts.	Usually sits through green lights. Drives so slowly that cyclists can pass with ease;actually, molasses moves quicker in the midst of a winter freeze.

Bovine recommendation becomes a reality as tuition fees rise

By Han Ifsshit

In a surprise move, the Governing Council of the University of Toronto last week decided to implement some of the recommendations of the Bovine Commission.

Tuition for a course in the 1985-86 school year is estimated to cost $500. Thus, a student taking five courses will have to pay $3000.

UofT President John Kennel stated that "This increase will eliminate our underfunding problems as well as reduce employment." Upon his announcement, President Kennel was hounded by cries of "dog" and "bullshit."

In addition to the increased tuition, all students will be forced to take entrance examinations before registration. The Bovine Commission recommended that only

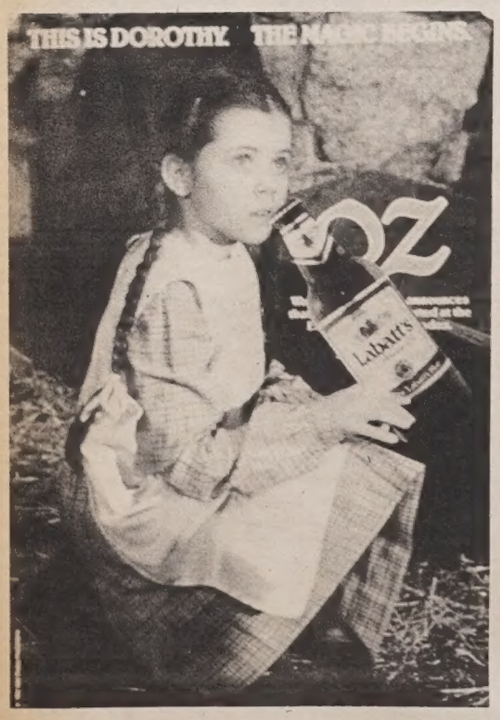
Tickets are selling fast for the upcoming reuniting of The Beatles at Scarborough Campus U of T.

The popular phenomenon rock n' roll group of the sixties are finally reconciling their long term disagreements. The reconcilation is taking place due to the efforts and persuasion of Principal Williams.

In an interview with the Underground, Principal Williams said that this group has always been his all-time favourite and his main objective in becoming Principal of Scarborough Campus was to see the Beatles together again. Williams feels fortunate he has accomplished this task . Williams was worried that the event might not take place due to a fire that occured during rehearsals in the meeting Place, Michael Jackson's hair caught fire.Apparently, Purple Rain was leaking through the sky lights of the roof and short circuited the Pepsi machine in the hall.

Michael Jackson and Tina Turner will be the opening act. Standing at the meeting place doors, "All Through The Night," will be Cyndi Lauper.



Poor Dorothy was forced to degrade herself last week when she visited the Pub last week. Those bartenders will go to any lengths to get business.

Apathy Solidarity group taunts Underground staff,

Near riot as editor attacks members

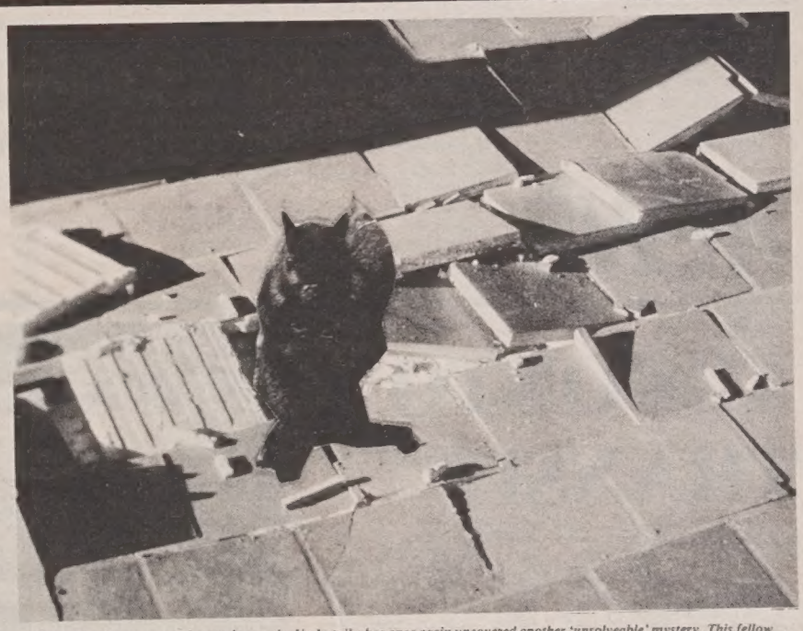
Despite cries for help by the frustrated and overworked *Underground* staff, nobody showed up for the production of the newspaper on the weekend. Some analysts feel that an earlier editorial two weeks earlier, lynching the vast apathetic mass of people called students, may have had an effect. Add to this the strange appearance of a group of masked people calling themselves the "Apathy Solidarity" group who carried placards stating "Your paper sucks!", and "may your paper's death be another Victory for us." When the Editor of *The Underground* jumped one of the bothersome picketers after hearing the paper called a 'rag', it was found that most of the group was made up of Student Council members. The battle between staff and Council waged in front of the main cafeteria until all were dispersed by the smell of one of the dinners being brought out (not up).

When questioned as to why Student Council had waged a "Your paper sucks!" campaign; one member stated- "Because it's near election time and I feel that it's in the best interests of the students for the paper not to exist. Of course it's not personal, but this group always misquotes me on everything I say, even lines that I've later retracted. Plus I want to win the election for President and they don't like me. Don't quote me on that last part."

When later questioned as to whether he was surprised by the near riot, Editor Hugh Cares responded "No way, just before we closed down, we threatened to tell the world about that guy smoking drugs and drinking beer, and not having the decency to visit his grandmother. He was bound to get mad."

The Underground newspaper has closed down due to lack of money, people,and chairs in the office. Members also cited the poor coffee situation. When students were asked their reactions to this sudden loss of the campus paper, Miss. Alhart said "What a sad day for Scarborough College, that paper was good. I always read it, or at least pick it up to make them feel good." Another student reponded with, "Well, I guess I'll have to read the *Varsity* now, even if it is communist."

When asked if the paper could ever start up again, one member wanting to remain anonymous replied, "Why start up, my marks have risen 90 percent since I dropped it. Would you hitch a ride back to Siberia after being freed?" The Editor also added that they may run a special elections issue "just to bug the hell out of those bums who call themselves politicians."



Our in-depth coverage and reporting on the Undertoike has once again uncovered another 'unsolveable' mystery. This fellow has been breaking up the tiles in our hallways for years. Don't worry though, after he broke the tiles outside the Caf, he died of food poisoning, seems that squirrels are human-like after all.

Bodies fly in Radio Station scuffle

By D.J. Ockey

In a bold move today, a faction known only as the Entertainment staff of C.S.C.R. (Canada's Supreme Capitalistic Radio) revolted against the leadership and the station was placed under a state of seige.

Station manager T.W. Caufield, who managed to escape with his life said that, "It was the most brutal display of the use of guest passes to the movies that he had personally ever seen."

A spokesperson calling himself "Yak Yak" Mac said that if the administration did not give in to their demands that, and I quote, "The bodies are going to start rolling out of the station until their ain't no room in the R-wing tunnel."

The first demand states that a name change will come about, the Station will from now on be known as *Canada's Socialist Communist Radio.*

The second demand was stated by B. Sneddon Music Director, who although tied up at the time, managed to get the wishes of the revolutionaries made clear to the proper authorities. "I just want to report that we are all being treated well in here, and in no way are we being forced to solicit concert and theater promoters for freebees," said Sneddon. "Please tell my family that all will be well so long as you give in to the Freedom fighters," he continued.

The demand that was finally wrung out of Sneddon was, "In the future all entertainment events held in the College must first be cleared by the entertainment staff of C.S.C.R."

When the Administration refused to negotiate with the Revolutionaries, they tossed out the badly broken, pulverized corpse of Program Director C.J. Reynolds. With a last whisper Reynolds said, "God bless,God damn." This reporter was moved by these last and touching words even though he could not figure out what Reynolds was talking about.

More violence raged before the subsequent capture of the Revolutionaries. The final toll was horrific in nature, with most of the D.J.'s either broken in spirit, or in body.

Music Directors M. Chung, and D. Watt were found hanging upside down in the production studio with Walk-

These furry creatures initially brought the Radio Station's operations to a halt. Not only did they 'jump' this record, but they went on to attack Program Director Calvin Reynolds-wrap. Said Reynolds-wrap "All we need now is Snoopy".
